Dear Mr. Kammen,

We believe that you are fully aware that The Republic of Kosovo faces critical energy challenges. Currently we are in the process of making an important decision that will have a significant impact on our country's future development.

In light of your position, at the World Bank, and on behalf of the Parliament of Kosovo, we would like to invite you to visit Kosovo in order for you to familiarise yourself with our energy problems and our potential energy resources. Your great knowledge and experience with renewable energy issues will provide us with valuable information and will be greatly appreciated.

We are looking forward to cooperate with your office in order to arrange this visit.

Sincerely

Dr. Jakup Krasniqi
The President of the Assembly of the Republic of Kosovo
