RE: Clean Power Plan Implementation

Dear Jeff,

In view of the United States Supreme Court ruling on February 9, 2016, wherein a 'stay' has been imposed on the United States Environmental Protection Agency's "Carbon Pollution Emission Guidelines for Existing Stationary Sources: Electric Utility Generating Units," 80 Fed. Reg. 64,662 (October 23, 2015), we are hereby requesting that all internal KCC activity related to this rule, and implementation thereof, immediately cease.

We are aware that a contract for consulting services related to the KCC analyses has been under negotiation and was very nearly awarded, and we are specifically requesting that this contractual consideration be placed on indefinite hold, pending further developments.

Should you have any questions, please feel free to contact either of the undersigned, and we will be happy to discuss this further.

Sincerely,

Senator Rob Olson

Chair, Clean Power Plan Implementation Committee

Representative Dennis Hedke

Vice-Chair, CPP Implementation Committee

Cc: Governor Sam Brownback
Senate President Susan Wagle
House Speaker Ray Merrick

Commissioner Shari Albrecht
Commissioner Pat Apple
Commissioner Jay Emler
