Thanks for your help. Here's the list I'm looking at right now. Please let me know if you have any questions.

National Grid US (parent company is National Grid plc, based in the UK) ✓  
Northeast Utilities ✓  
EnerNOC, Inc. ✓  
Charles River Associates, Inc (consultant often represents regulated entities before the Commission) ✓  
DNV GL (consultant) ✓  
Brattle Group ✓  
Leidos ✓

I also need to recuse myself from cases involving Edison Mission Energy. This company is currently a business unit of Edison International. However, Edison International is in the process of selling the unit to NRG Energy. That transaction is currently pending before the Commission. I don't know if I should recuse myself from NRG, Edison International, or both, and need guidance.

*yes both*  
I'm at x8732 if you have any questions.
