Good evening,

(b)(7)(D)  
As of 6 January 2016, Payne reportedly plans to take a "fed" hostage in exchange for a prisoner currently detained in Seattle. There are no additional details regarding Payne's plans; however, this information is being disseminated due to Sheriff Ward's potential meeting with militia members and for officer (and possibly citizen) safety.

HCSO and OSP – please pass this information along to other officers in your department working the Refuge matter.

Thanks,
