Aaron told me to connect with you now that he is on leave and then leaving the Malheur. I am not sure he briefed you on the situation with the Hammonds and our visitors from out of state militia. Jeff Rose called me from the BLM yesterday to give me an update. He said that the group (3%, Bundy and the Oath Keepers) may start protesting as the Jan 4th date approaches (when Hammonds need to turn themselves in). He is closing the BLM if any of these individuals show up to protest. Jeff Rose told me he would give me a head's up. Do you want to be contacted in the event of a protest? Steve Beverlin told me to close our office as well.

Thank you

Christy
