Subject: Change of Location and time for snowmobile training

Good Morning Folks!

With all of the happenings going on in Burns with the Bundys and other groups, it has been requested that we change the location of the Snowmobile training.

The training will still be held on January 20th, but the new location is the **Prairie City Ranger District Office, large conference room**. With this change in venue, the **start time is now 0930**. The field portion will also be held on the north end of the forest. Details will be discussed on Wednesday.

Hope to see everyone there!

Lyle
