Subject: RE: Lists

Hi Pam,

Thanks for the list and the updated timeline. I have a few questions or comments:

- Is it possible for someone from ARC/BP to be in the car with the Administrator during the tour? (probably John Mingé)
- Will there be someone explaining the site to him as they drive the tour? I am thinking Greg will do this.
- Not everybody from ARC needs to go on the tour. Michael Abendhoff and myself will stay at the place of the ceremony. I think Jack and Brian would be very helpful on the tour to explain the site as they drive through. I think Patricia is planning on attending the tour.
- Do we still want a small table to the side for signing?
- I will check with the team, but I think we may need to let SPS know that we will be having the ceremony onsite, so please let us know when we can do that. I see SPS on the list, but I don't know if they have already been invited.
- I will let the team at the site know about the EPA security team visit.

Like you, I am sure I am probably forgetting things, so we will be in touch!

Thanks again for the information. We are looking forward to Monday as well.

Maria
