Dear Fellow Patriot:

I'm the Left's worst nightmare. For nearly 40 years, I've been studying their tactics and defeating them.

Like President Trump, I've even been abused by them and lived to share my stories of how the Deep State tried to take me down...forever. **They only won once, and now I'm ready to return the favor.**

Nancy Pelosi and her cronies sunk to extreme lows in 2018 in order to flip 40 seats to win the House. The GOP may not recover - unless we implement a strategy and build a force that counters the Left's actions at every step - on the airwaves, with a grassroots strategy, and of course, online... where the Silicon Valley Leftists censor our conservative messages each and every day.

Traditional tactics will no longer work, and that's why I've assembled some of the most aggressive and seasoned professionals on the Right to beat back the so-called 'resistance' movement.

Liberal Billionaires like Tom Steyer are demanding Congressional Democrats impeach President Trump and there's no doubt they'll work hard to fulfill that dream. Billionaire Michael Bloomberg spent hundreds of millions to capture the Congress in 2018. He plans to do the same in 2020 and is committed to spending **\$500 Million of his own money on his Presidential campaign!**

They'll be joined by George Soros and a cadre of others, and that's why it is essential that we start our efforts to defeat them TODAY.

The untold truth of last year was that each incumbent Republican Member of Congress found himself drenched in over \$5 Million dollars' worth of vicious attack ads and no ability to compete. Republican challengers were left to fend for themselves and we know how that ended: **the disaster we are watching each day with Pelosi and the radicals doing their best to destroy our nation.**

In 2020, the Republican Party will be primarily focused on ensuring President Trump's re-election. While his victory is essential to the future of our Republic, we must not neglect the Congress – **since a Congress in the hands of these radicals will empower them to put our nation on a death spiral once and for all.**

The Democrats have no interest in serving the American people. They are solely focused on investigating, obstructing, impeaching, and stopping President Trump by any means necessary. Case closed.

After they read this letter, the Fake news media and their friends on the Left (especially the Congressional Democrats) will start attacking me personally – but I'm ready for them.

In fact, **I am encouraging them to spend time targeting ME, Jack Abramoff,** instead of our conservative candidates, who need to focus on retaking the House and keeping the Senate. I'd rather they stay laser focused on me, than spend time trying to undermine our chance for a conservative victory next November.

These socialists are so confused, and their messaging is getting worse by the minute. They seem to think that cows and airplanes are a threat to our future. **Sounds to me like they have been infected by Mad Cow Disease!**

The radical Left counts disgusting anti-Semites and traitors in their ranks. Their efforts don't go into making America Great Again – they spend their days trying to **impose a 70% or even 90% tax on you,** force their Green New Deal down your throat, and make you pay for slave reparations – all while forecasting to Iran and radical Muslim terrorists that, if they take control, America will abandon our most reliable ally, Israel.

[<<< Will you take a stand for more cows and less Democrats in 2020? >>>](#)

Alexandria Ocasio-Cortez wasn't even in diapers when I started fighting the Left, and I'm about to teach her and her cronies a few things they are going to wish they never learned - and it won't just be a math lesson.

TIME

**THE
MAN WHO
BOUGHT
WASHINGTON**

Jack Abramoff took influence peddling to new heights—and depths. Now he's ready to tell all. A TIME investigation of the lobbyist who's turning Washington inside out

BY KAREN TUMULTY

As anyone who has followed my career knows: I play for keeps and know every trick the Left uses to attack and defeat American patriots - so watch out!

While we'll have fun poking at them until their defeat on Election Night 2020, we cannot lose sight of how vicious the resistance continues to be in their use of dirty tricks, election fraud like we saw in Florida, and harassment tactics used to silence conservatives who threaten their radical agenda (just ask Justice Kavanaugh).

That's why I need your help as we push back even harder.

So what are you waiting for?

For the Republic,
Jack Abramoff
Honorary Chairman

P.S. In my youth, I ran President Reagan's grassroots lobbying organization and know better than most what it takes to defeat the Left. As President Trump continues to implement his agenda to Keep America Great, we must rise to the occasion and ensure that the Left NEVER wins at the ballot box again.
