Becky, thanks for taking the time to speak with me today and for agreeing to include a supportive statement if we receive a press inquiry. May I include this statement from you,

Our relationship with EPA is much improved from previous years. Our relationship has been collaborative with respect to both process and substance. In particular we have

particular we have appreciated EPA's work on WOTUS and other policy matters important to Arkansas.

Thanks

I am but would suggest we add this at end: I hope to see states and EPA continue to partner effectively in our collective efforts and commitment to lasting and impactful work.

To give final approval It

To give final approval It would help if you can share a little mor context so I can run it by my communications Person. What is your timing ?

We will likely get a press call tomorrow. So it would be early. For context we are holding a statement that lists what work we have done with states ie moving fips to sips etc. and we would include supportive statements from states

from states.

Thank you for your help.

This is the final statement all put together. Thanks Becky

Our relationship with EPA is much improved from previous years. Our relationship has been collaborative with respect to both process and substance. In particular we have appreciated EPA's work on WOTUS and other policy matters important to Advance Liberty
