

June 26 - July 10, 2020

*Crosstabulation Results*

*Methodology:*

This poll was conducted between June 26-July 10, 2020 among a national sample of 8687 Registered Voters. The interviews were conducted online and the data were weighted to approximate a target sample of Registered Voters based on gender, age, educational attainment, race, home ownership, and 2016 Presidential vote. Results from the full survey have a margin of error of plus or minus 1 percentage points.

29	<b>Table API12_1:</b> Below are some statements about America's natural gas and oil. Please read each one and indicate the degree to which you agree or disagree with each. Because America is safely producing more natural gas and oil, our country is not as reliant on foreign sources of energy and has increased our country's national security. . . . .	34
30	<b>Table API12_2:</b> Below are some statements about America's natural gas and oil. Please read each one and indicate the degree to which you agree or disagree with each. According to independent studies, the natural gas and oil industry supports millions of U.S. jobs which pay on average \$108,000 which is almost twice the national average, boosts local and state economies, and helps energize American manufacturing. . . . .	35
31	<b>Table API12_3:</b> Below are some statements about America's natural gas and oil. Please read each one and indicate the degree to which you agree or disagree with each. U.S. carbon dioxide emissions are at their lowest levels in a decade and cleaner transportation fuels, along with advanced technologies, have led to 99 percent lower car emissions than those manufactured before emissions controls. . . . .	36

32 **Table API12\_4:** *Below are some statements about America’s natural gas and oil. Please read each one and indicate the degree to which you agree or disagree with each. Natural gas and oil companies should continue to work with the best minds to develop and apply new technologies to allow for cleaner and smarter energy production. . . . .* 37

33 **Table API12\_5:** *Below are some statements about America’s natural gas and oil. Please read each one and indicate the degree to which you agree or disagree with each. Natural gas and oil make renewable energy possible. Natural gas and petroleum products are used to make wind turbines and solar panels and provide power when other energy sources can’t be used. . . . .* 38

34 **Table API12\_6:** *Below are some statements about America’s natural gas and oil. Please read each one and indicate the degree to which you agree or disagree with each. Natural gas and oil are essential to a modern lifestyle. They provide the fuel, power, and products that make our everyday lives safer, healthier, and more comfortable. . . . .* 39

35 **Table API12\_7:** *Below are some statements about America’s natural gas and oil. Please read each one and indicate the degree to which you agree or disagree with each. Natural gas and oil products help provide access to heating, sanitation, and healthcare to billions of people around the world and are helping lift communities out of energy poverty. . . . .* 40

36 **Table API12\_8:** *Below are some statements about America’s natural gas and oil. Please read each one and indicate the degree to which you agree or disagree with each. The raw products that the natural gas and oil industry produces help make medical devices and protective equipment that are critical to healthcare providers and patients throughout our nation. . . . .* 41

37 **Table API13:** *If you heard that a candidate for public office in your state supports policies that ensure consumers continue to have access to natural gas and oil produced in the U.S., would that make you more or less likely to vote for that person? . . . . .* 42

38 **Table API14\_1:** *Below are some actions that Congress can take on energy. Please indicate if you support or oppose Congress taking the following actions: Congress must continue making investments in all forms of domestic energy production, including natural gas, oil, wind, solar and other alternative energies . . . . .* 43

39 **Table API14\_2:** *Below are some actions that Congress can take on energy. Please indicate if you support or oppose Congress taking the following actions: Congress must act on an all-the-above approach to achieve energy self-sufficiency and not be reliant on foreign sources of energy. . . . .* 44

40 **Table API14\_3:** *Below are some actions that Congress can take on energy. Please indicate if you support or oppose Congress taking the following actions: Congress should encourage investment in natural gas production which has dramatically helped to lower carbon dioxide emissions. . . . .* 45

41 **Table API14\_4:** *Below are some actions that Congress can take on energy.
